The girl is wearing a green suit her name is Jenny. Jenny and Diego are playing video games and Charly is playing with their cat.

A mystery person called Charly. He answered the phone and the mystery person told Charly that "the aliens were going to attack the earth." Charly tells Jenny, and Diego that the aliens were going to attack the earth .

The aliens were getting closer to the earth. The aliens want to invade the earth because the aliens don't like humans. They want to stop living in their space ship. That's the reason why the aliens want to invade the earth and finish off the humans. When they finally finish off the humans the earth will be the aliens' planet.

Handwritten text on a yellow sticky note, likely representing a note or document related to the scene.

The aliens were getting ready to fight. Their leader commanded all of them to get all their weapons and to prepare missiles to launch on earth. When they finally finished preparing everything the soldiers got a message from their leader that their enemies were going to be there in 3 hours.

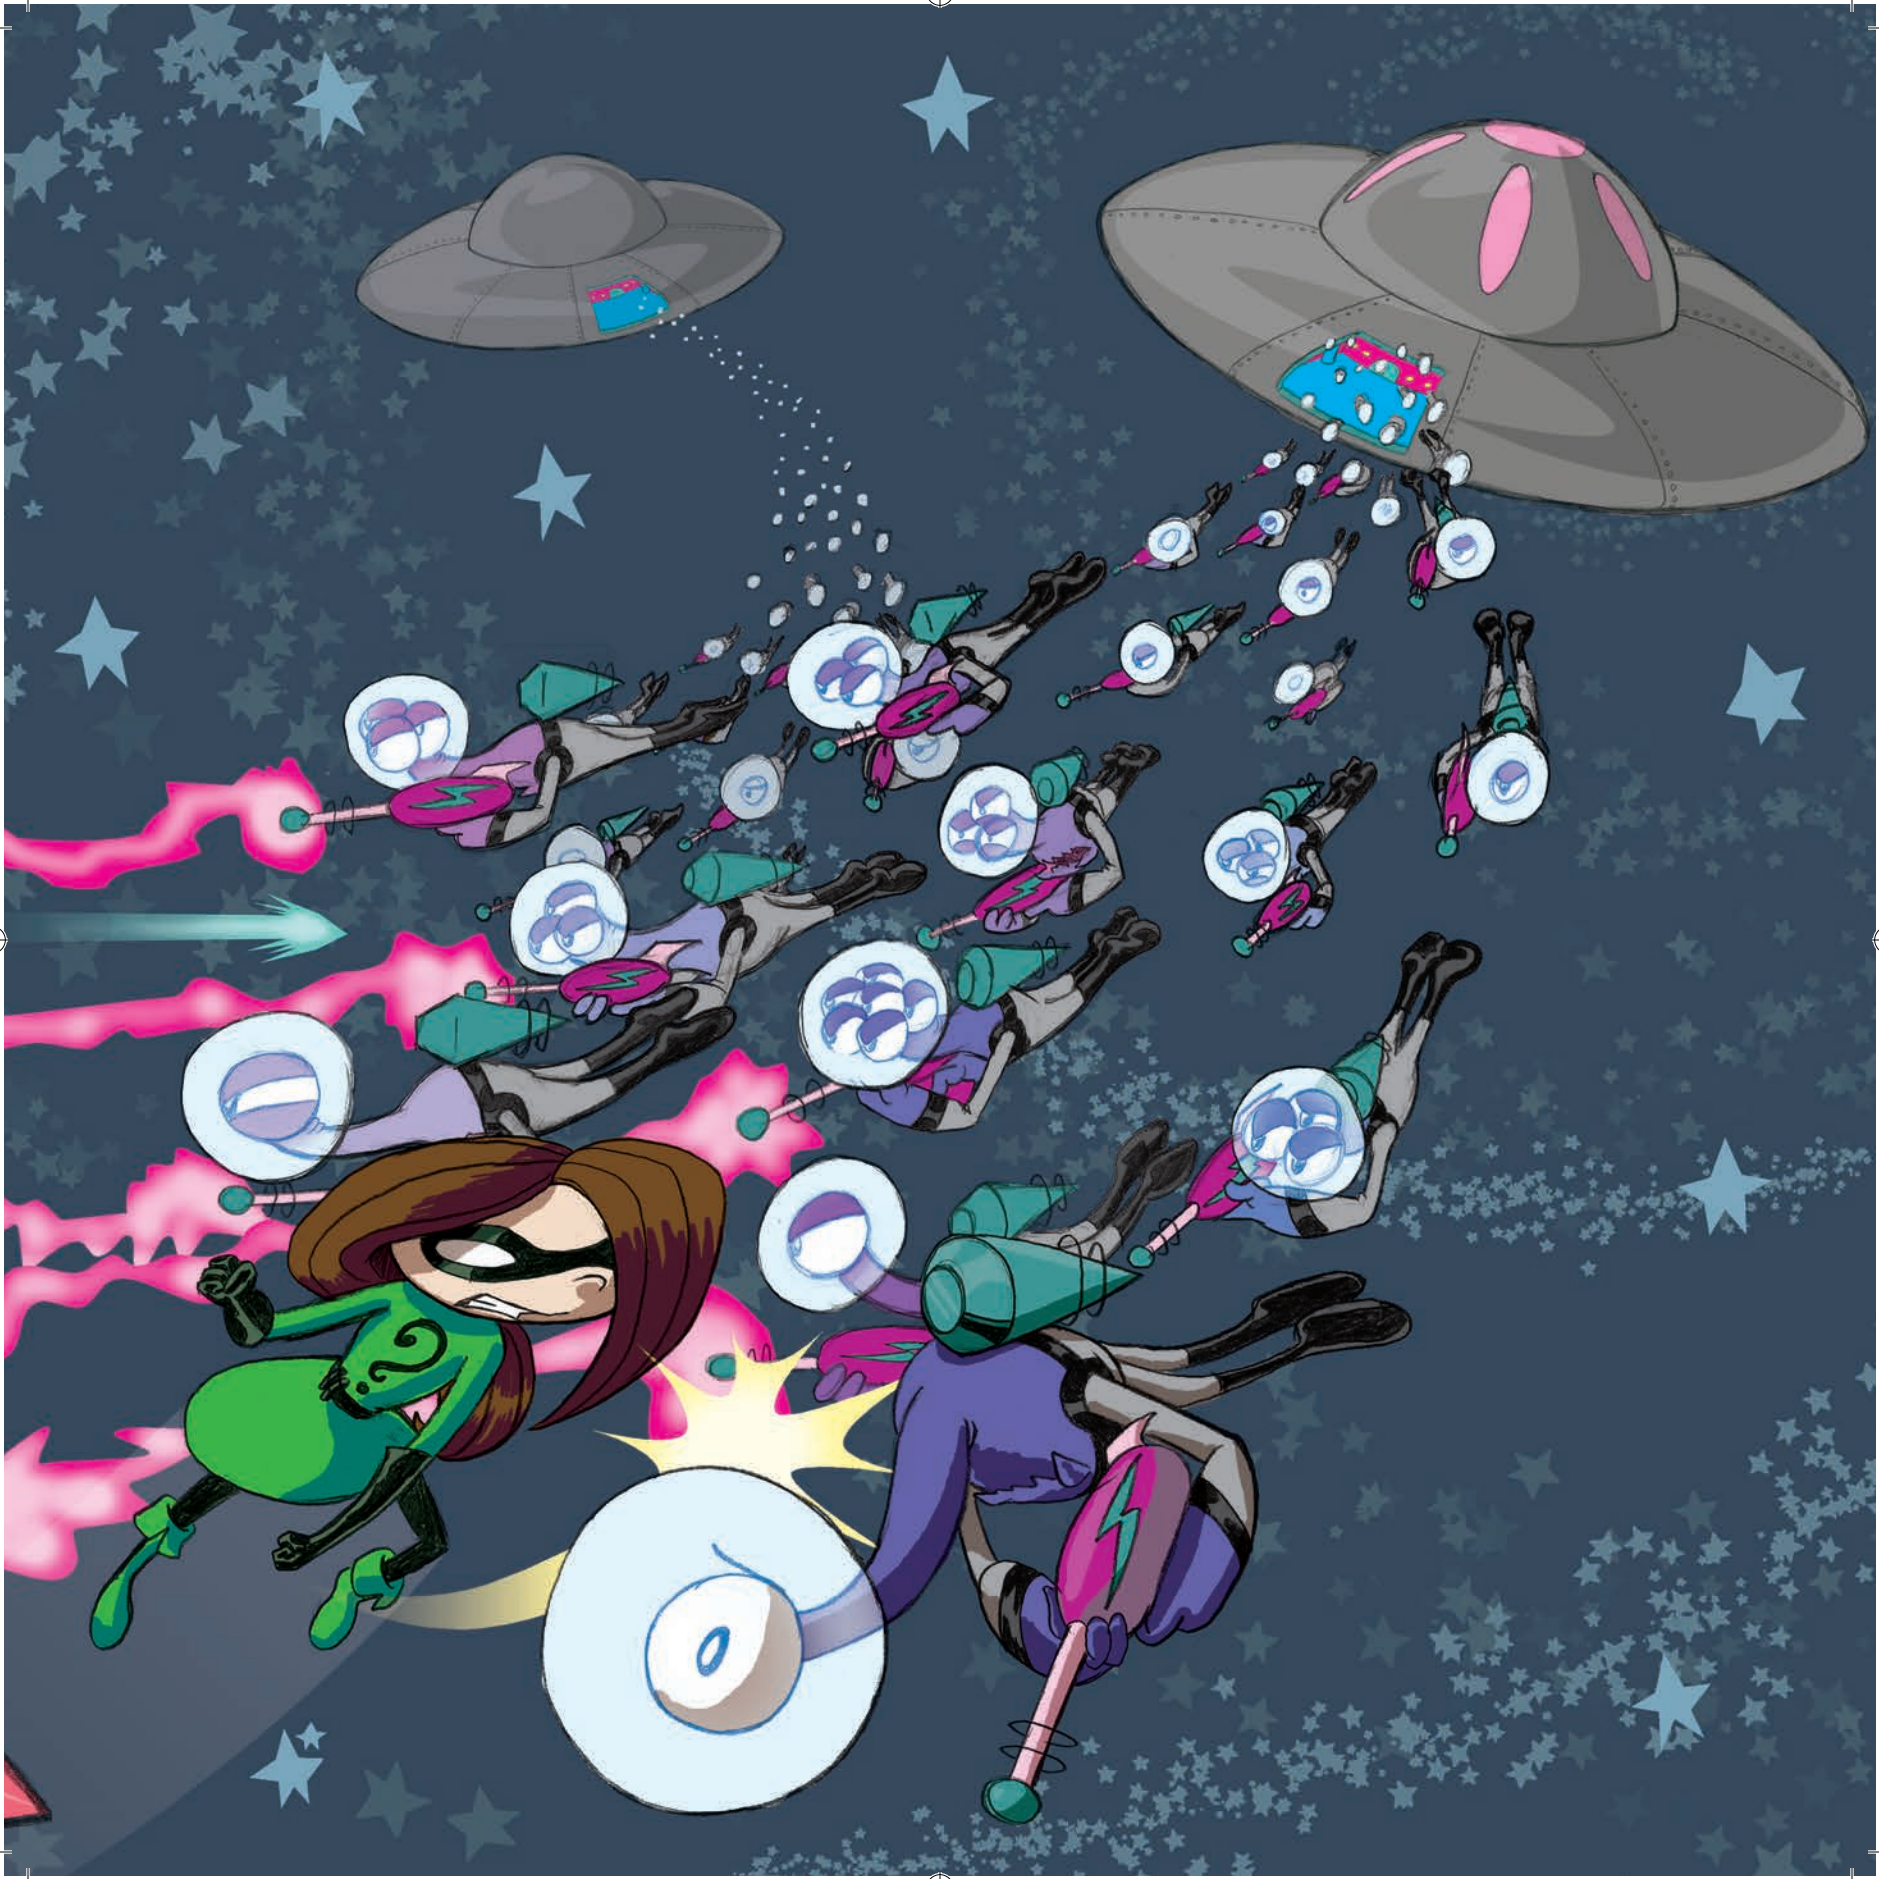

"We are getting closer to spaceships" Diego said. "Yes" he responded to his brother and sister. "I am a little nervous," Charly said. Because we are just three and there are a lot of them! "We are 30 minutes from the spaceships," Diego said. When they were 5 minutes away from spaceships Diego started to reload their weapons. "What are you doing?" Jenny asked. Reloading the weapons Diego responds.

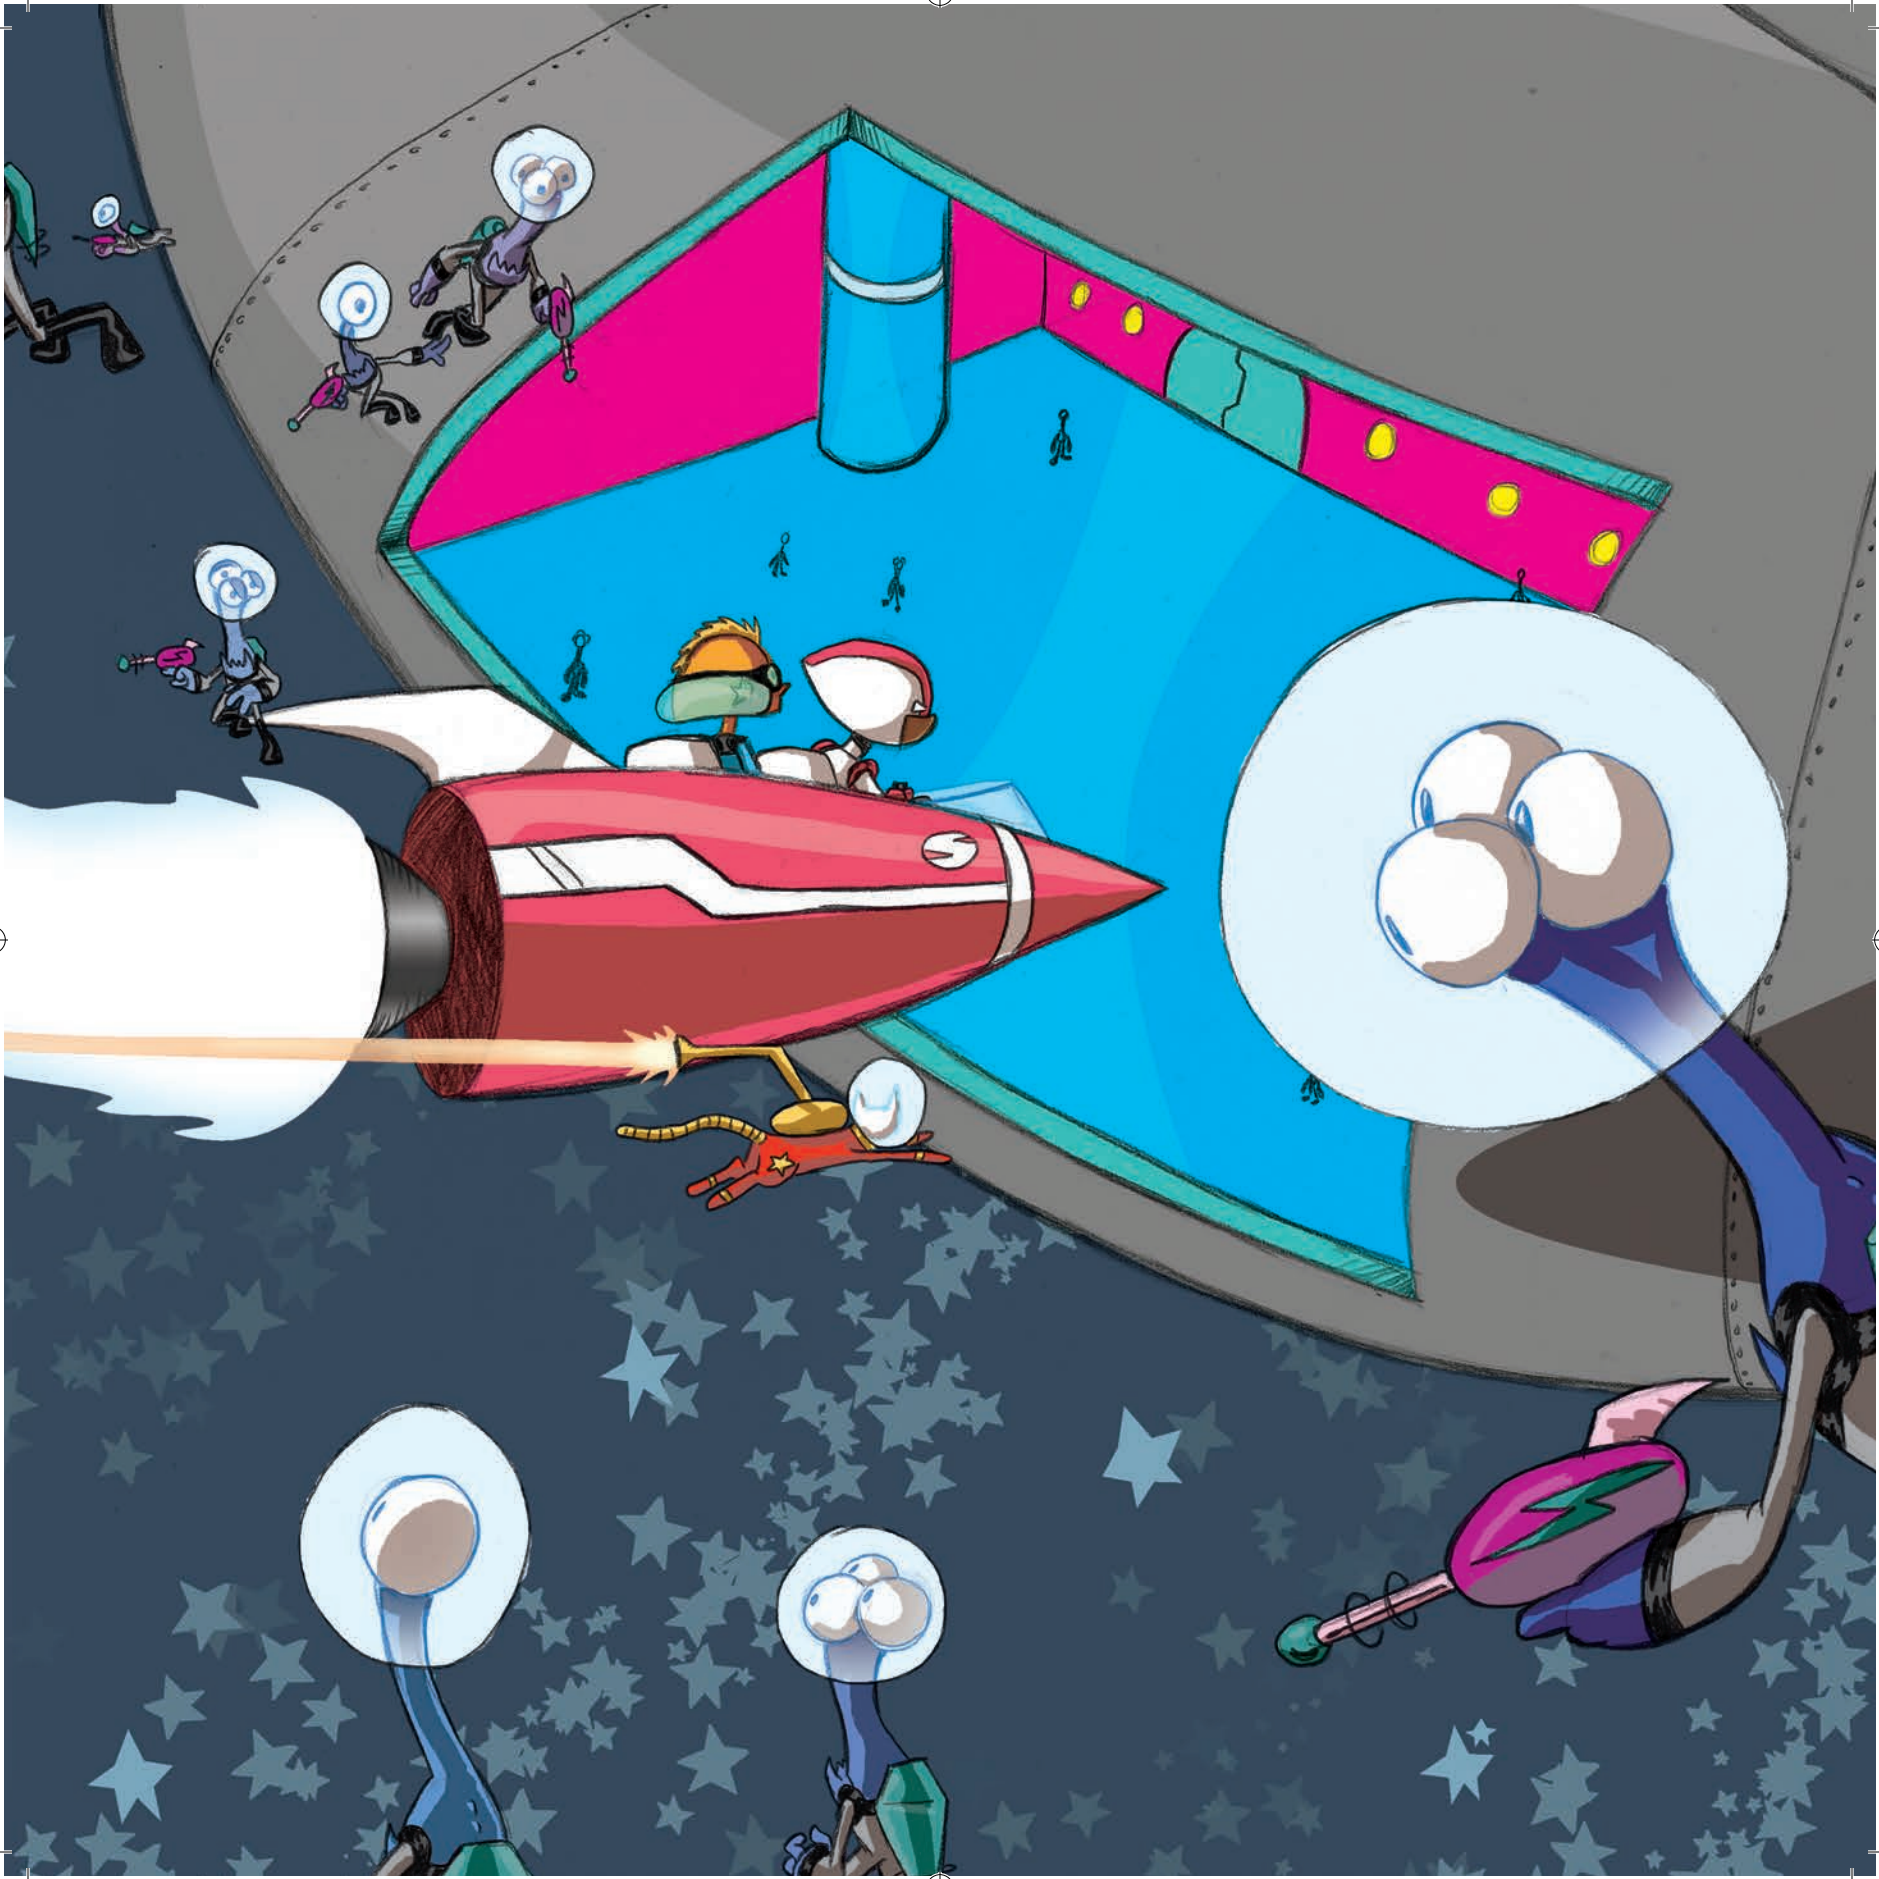

When they finally got there they saw a bunch of aliens waiting for them. When the army of aliens attacked them the power from their weapons and attacks collide, explosions can be heard the aliens. "We are wasting time for their leader to collect enough energy to launch a super attack," said Charly.

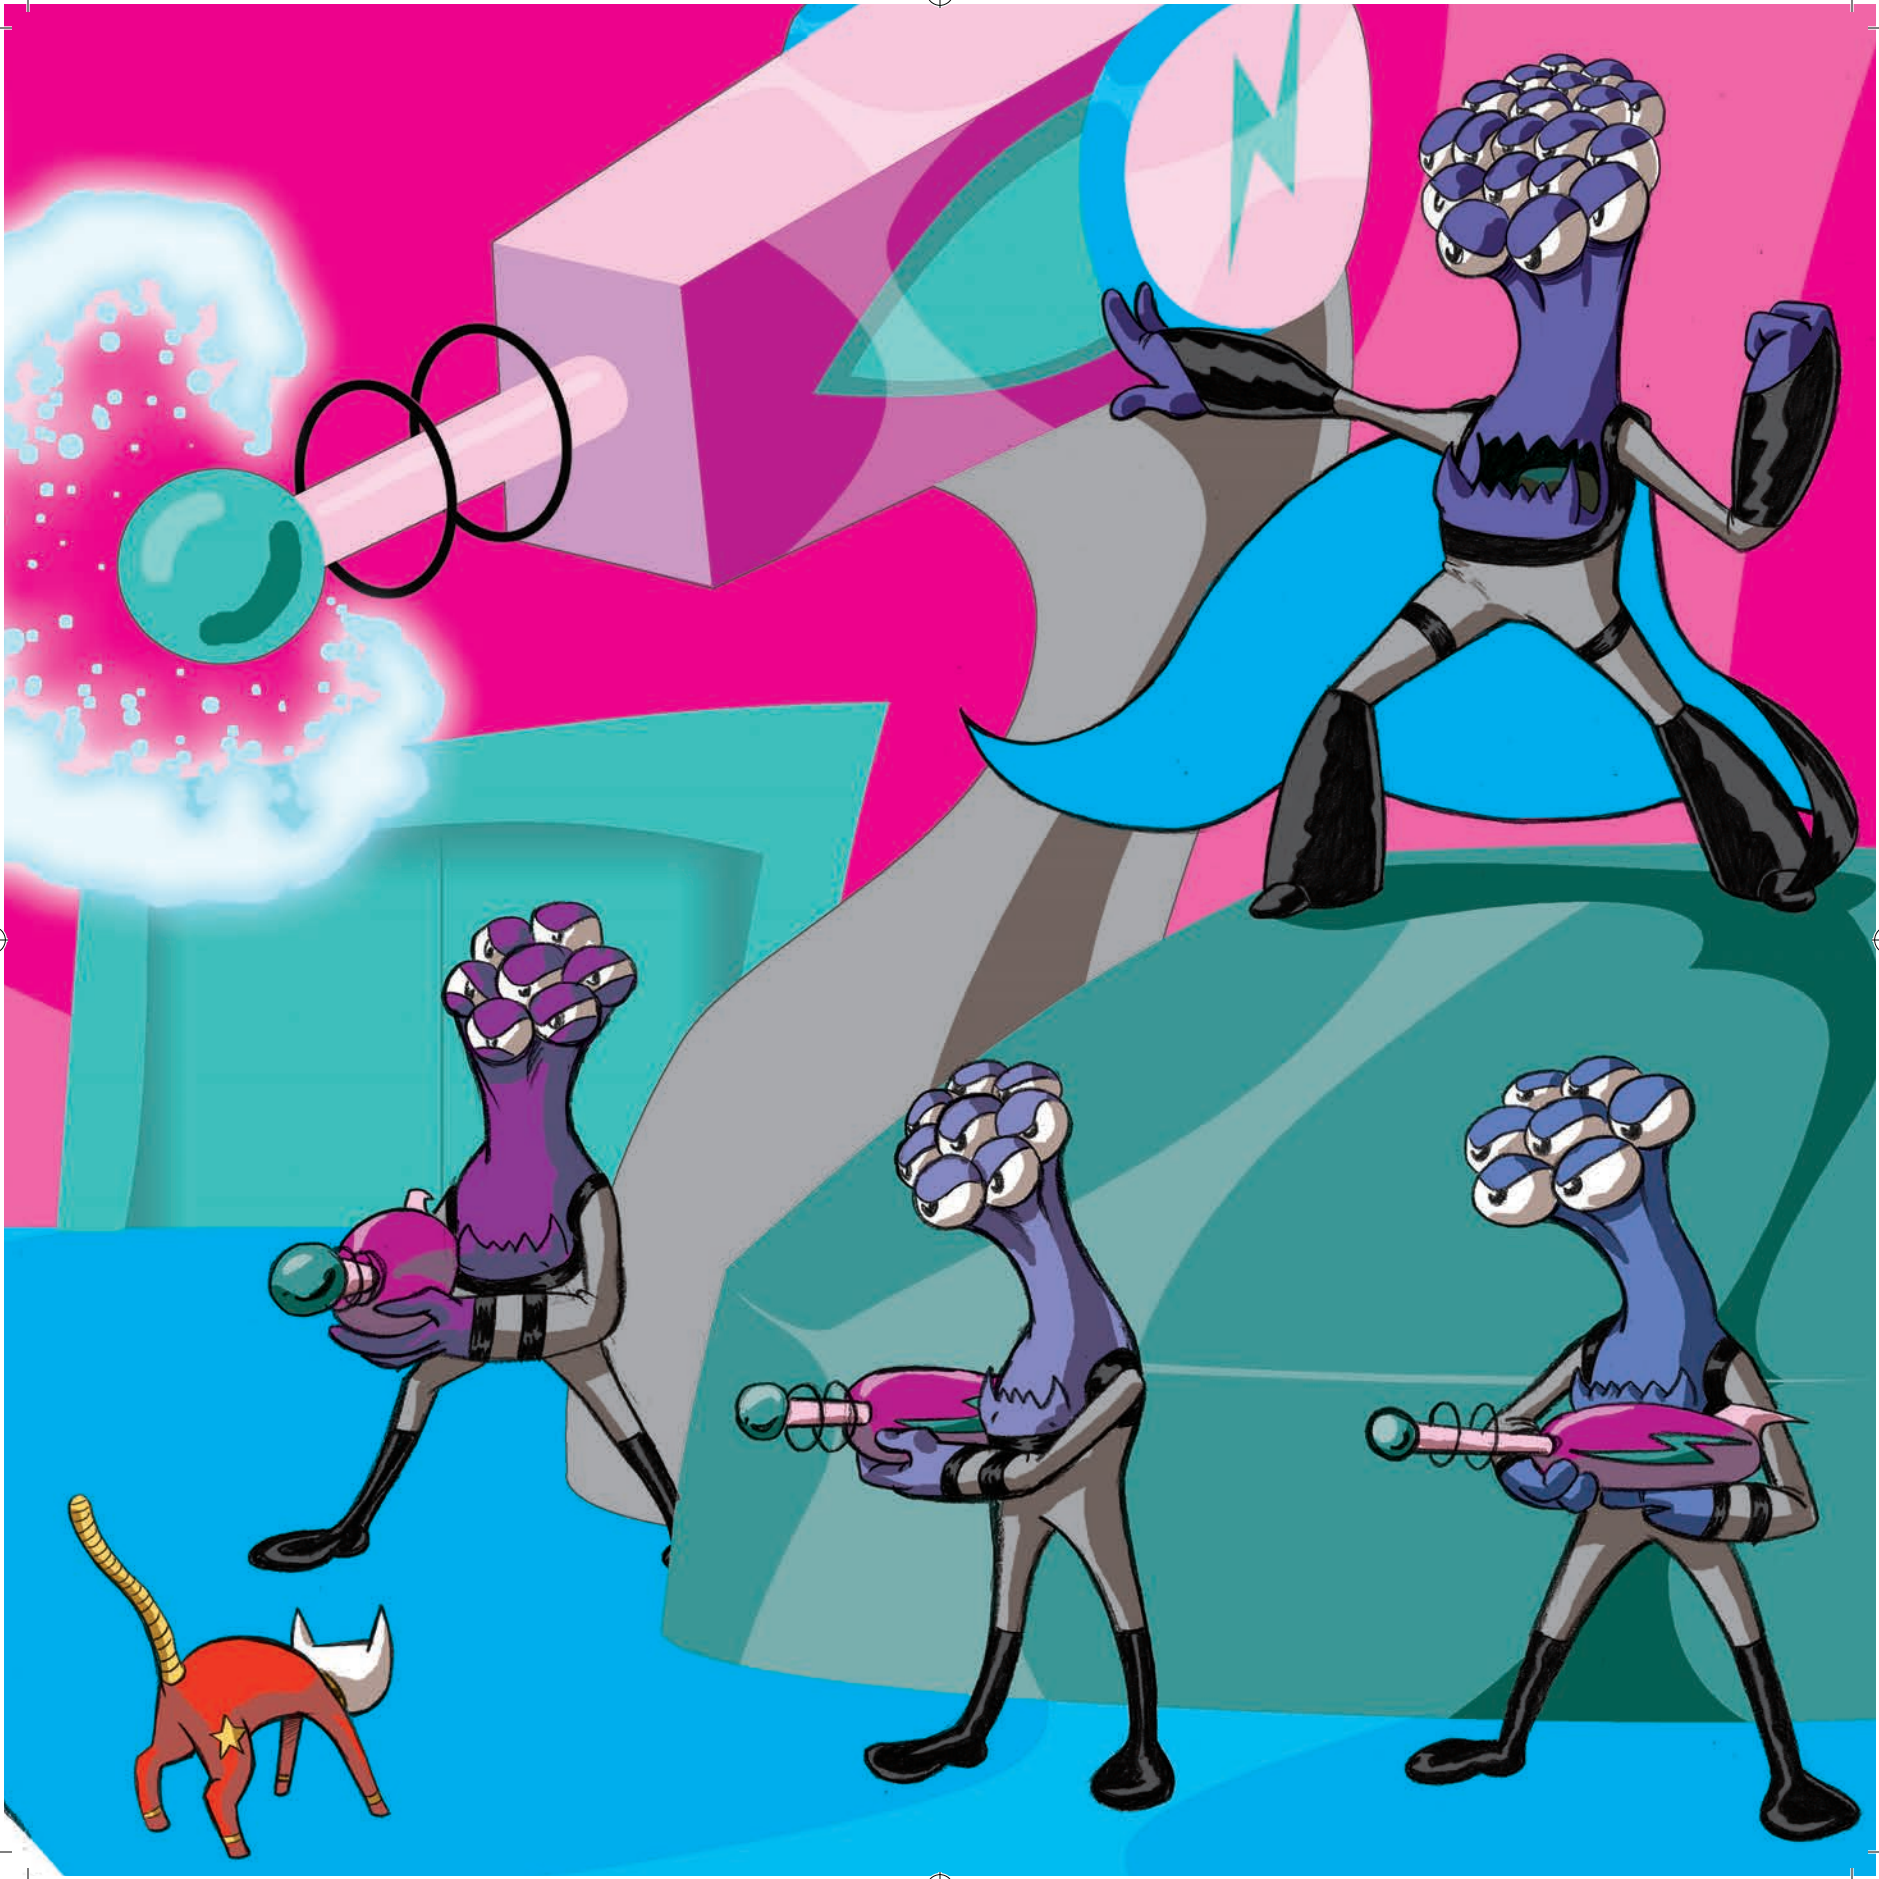

When they saw that there were no longer so many aliens, they decided to go to the leader's spaceship. The remaining aliens were creating a barricade so they couldn't get through. The aliens were weakened as the superheroes were winning. When the superheroes finish off the aliens, they entered the spaceship of the leader of the aliens.

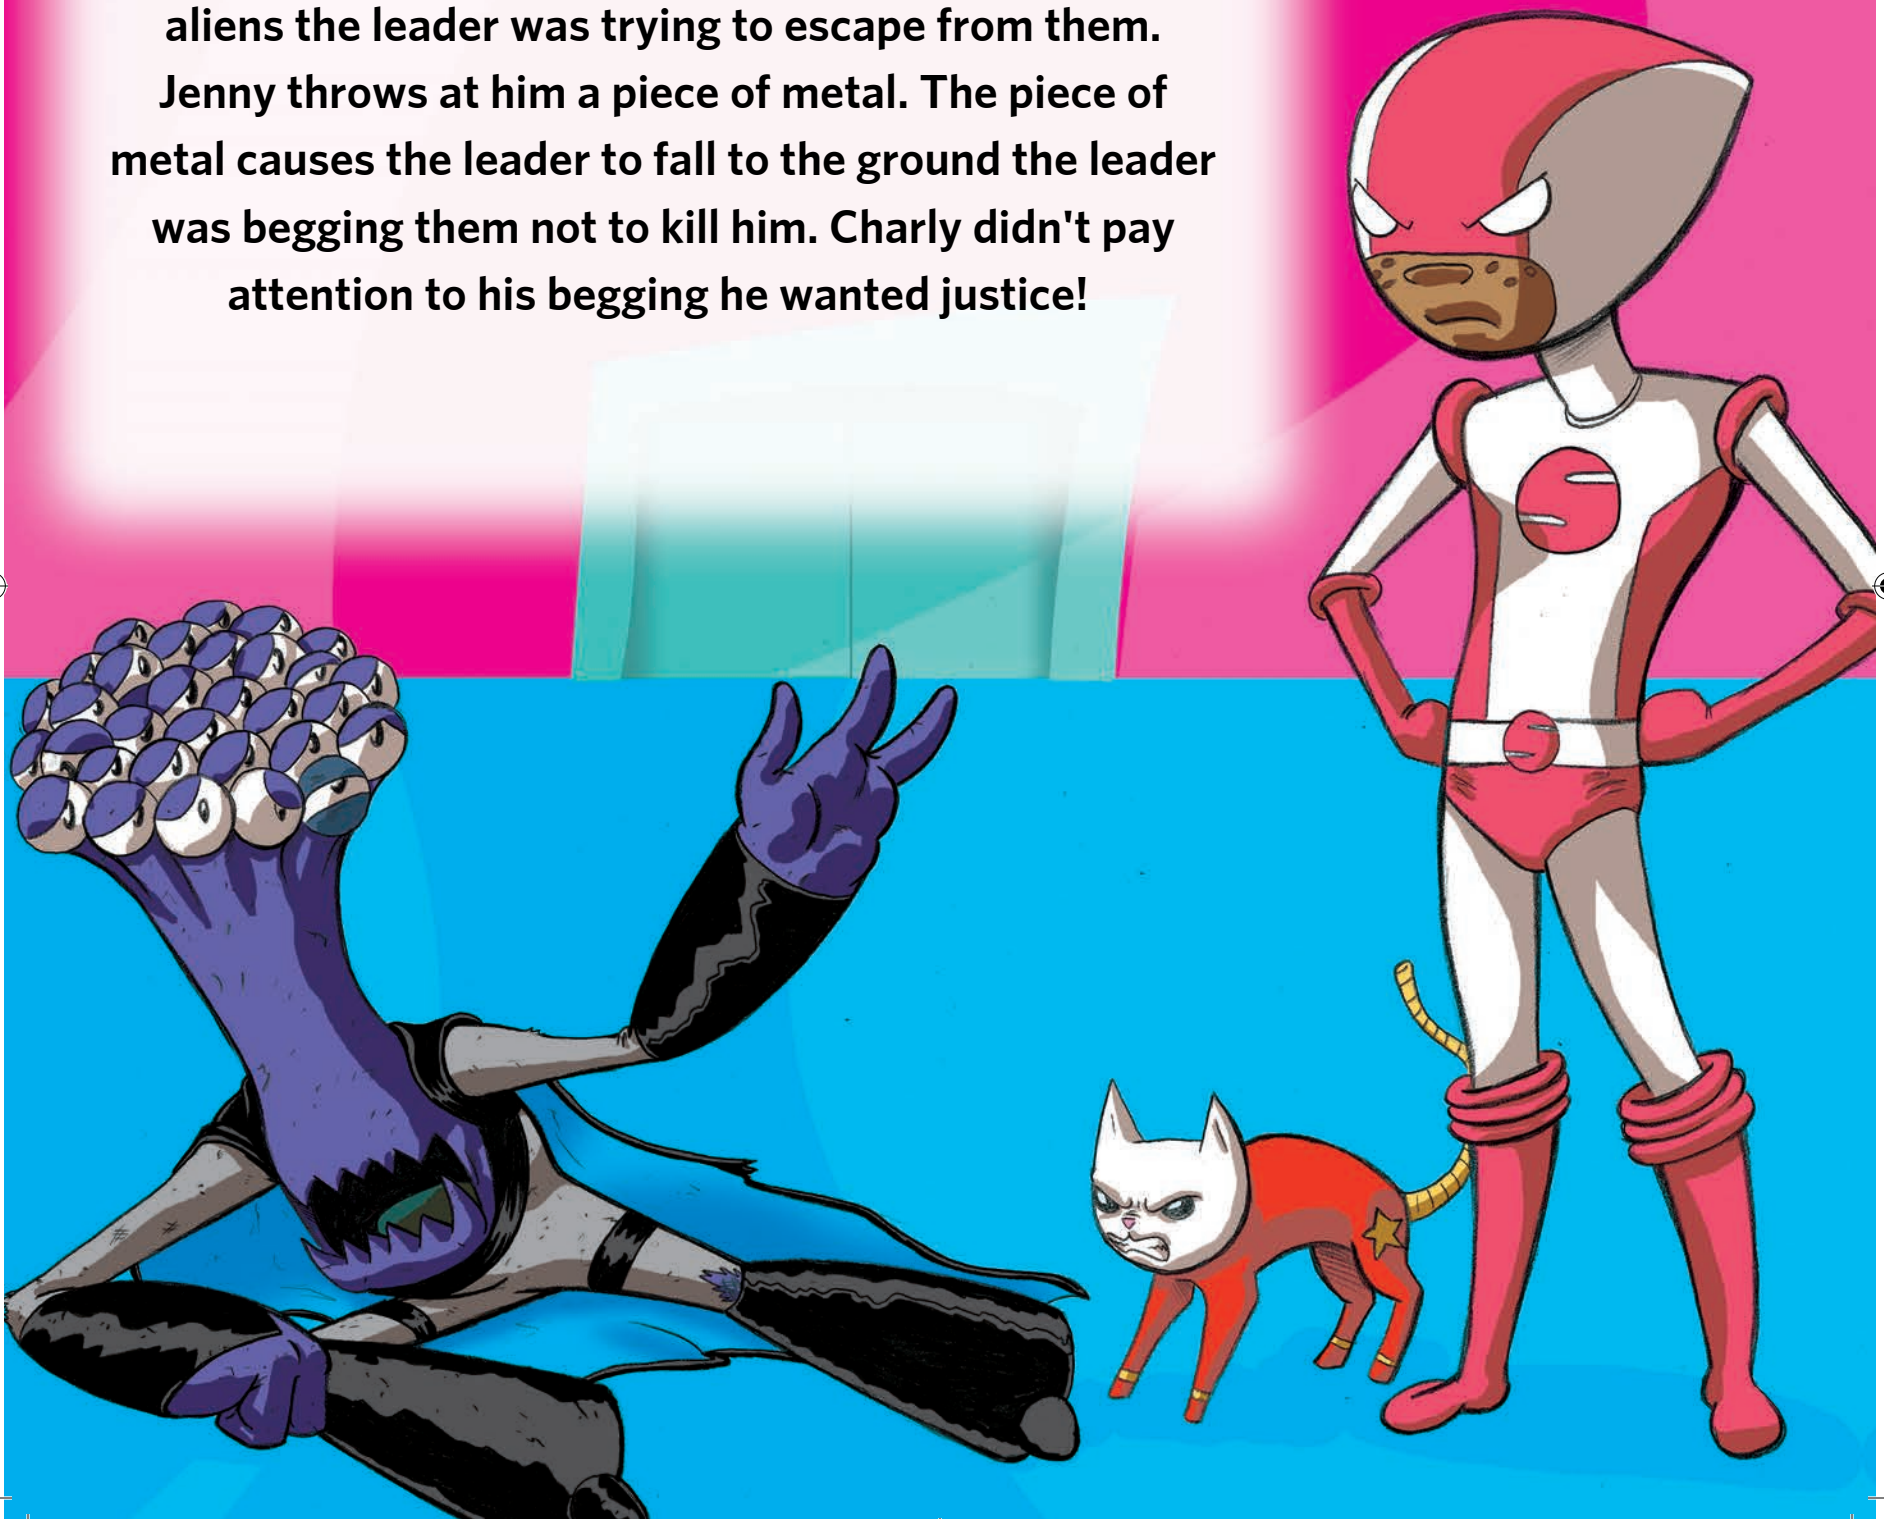

When the superheroes entered they saw that the leader of the aliens was already waiting for them with a super attack. The super heroes were able to dodge the attack. This group of heroes began to attack the guards of the leader of the aliens. Diego was very beaten but continued fighting. 30 minutes passed and the guards of the leader of the aliens were very tired and Charly launched an attack and finished them off.

When they finish off the guards of the leader of the aliens the leader was trying to escape from them. Jenny throws at him a piece of metal. The piece of metal causes the leader to fall to the ground the leader was begging them not to kill him. Charly didn't pay attention to his begging he wanted justice!

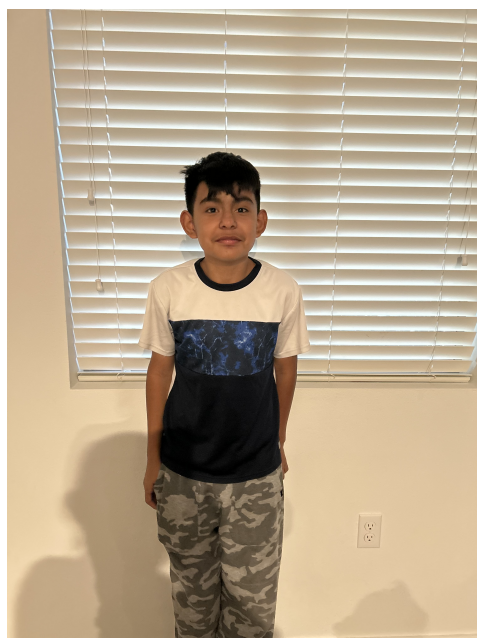

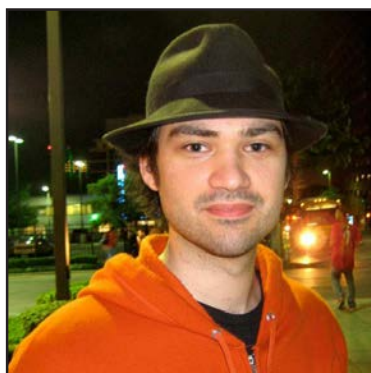

1 hour later they finish putting the explosives away. Then they got into their spaceship and when they were far away from the alien aircraft they made them explode! They returned to earth and everyone congratulated them and they went to their home to rest.

ABOUT THE ILLUSTRATOR

At an early age, Adrien Cadoux was bitten by a radioactive puffin. This granted him all the powers and abilities of the puffin, which proved to be useless, as he was being raised by radioactive badgers at the time. When he finally decided to join humanity, Adrien wanted to become an artist, but this proved difficult, and he chose instead to become a super villain. After many futile attempts at world domination, he returned to Berkeley, California to become an artist yet again.
